MISCELLANEOUS.

When a Chinaman becomes a criminal, the law punishes his parents and even the grandparents. This is only the extreme logical application of the doctrine of heredity. In this country, we leave natural law to deal with its own offenses, and many a mother is punished through the physical weakness and peevish temper of puny offspring.

Women mainly err through ignorance. They enter the marriage state already disordered by irregularity of the periods. The delicate and sensitive organs, peculiarly feminine, are in no condition for the shock which is consequent on the great change. Drains that are offensive and debilitating are set up, inflammation and ulceration with female trouble are added in time, and when motherhood comes the strength of body is inadequate, and the condition of mind unfit, for the responsibility. The natural result is a child that is unhealthy and unhappy.

Happy wifehood, healthy motherhood, beautiful children, all follow the use of Dr. Pierce's Favorite Prescription. It stops the drains, allays inflammation, heals ulceration, cures female trouble, soothes the nerves, and puts the delicate female organs in a condition of perfect health.

Mrs. Annie Blacker, of 629 Catharine Street, Syracuse, N. Y., writes: "Your medicines have done wonders for me. For years my health was very poor; I had four miscarriages, but since taking Dr. Pierce's Golden Medical Discovery and 'Favorite Prescription,' I have much better health, and now I have a fine, healthy baby. I have recommended your medicines to several of my friends and they have been benefited by them."

Women find valuable help in Dr. Pierce's Common Sense Medical Adviser. Sent free on receipt of stamps to pay cost of mailing only. Send 21 one-cent stamps for the book in paper binding, or 31 stamps for cloth binding. Address Dr. R. V. Pierce, Buffalo, N. Y.

FRIDAY..... JUNE 8, 1900

IT is perhaps well to recall the fact that Mr. Clark and Mr. Maginnis of Montana, who are now rivals for the vacancy in the Senate from that State, one having an appointment from the acting Governor and one an appointment from the Governor, and neither having one chance in a hundred to win, were together in Washington once before as claimants to a seat in the Senate. Just after Montana became a State what was known as the "rump" legislature elected Clark and Maginnis to the Senate, and they appeared in Washington to take their seats, but were never allowed to do so. They are what might be called by the superstitious senatorial hoodoos.

LAST Monday Congressman DeVries of this district introduced three bills providing for the construction of the works designed by the Debris Commission. The first provides for restraining barriers and dams and impounding works on the Bear for the protection of the Sacramento and Feather rivers and makes an appropriation of $250,000. The second provides for works on the north branch of the Calaveras river and improvement of the San Joaquin river at Stockton and Mormon channels and carries an appropriation of $224,366, while the other appropriates $250,000 for works on the American river. The work is to be done according to the recommendation of the Debris Commission under the Secretary of War.

THE LEDGER extends to the visiting Native Daughters, who will assemble here next week, a most cordial and hearty welcome. May your Grand Parlor session in Jackson be extremely pleasant and profitable, and your entertainment by the Mother Parlor, Ursula No. 1, all, and if possible more, than you anticipate. The citizens of Amador county in general, and Jackson in particular, are duly alive to the honor your presence here confers upon them. One and all will endeavor to make your brief sejourn as agreeable to you as circumstances will permit. Welcome! Thrice welcome! Grand Parlor N. D. G. W.

OREGON has spoken in no uncertain sound. McKinley, expansion, prosperity and Republicanism generally has been endorsed by our sister of the north. Wolverton for Supreme Judge was elected by a majority of fully 10,000. Congressman Tongue is elected in the First and Moody in the Second District by handsome figures. The Republicans will have a good majority in the Legislature. The Webb-foot State has set the pace for the party of prosperity, and the race will be won hands down next November.

APPARENTLY the dissolution of the Chinese empire, so often predicted by the European statesmen, some of them asserting that it would occur at the close of the century, is about to begin. That the six great Powers of the earth expect to profit thereby, there can be little doubt. The building of the great Siberian railway, 6000 miles in length, was evidently the beginning of the end of the Chinese empire. Doubtless the next few years will be freighted with vastly important changes in the Orient.

IN their anxiety to find something against the administration, the Democrats made an amusing blunder. After making a sensational outcry over the refusal of the Comptroller of the Treasury to allow some accounts of the Washington City Post Office, aggregating about $900, for the fiscal year 1898, they discovered that those accounts belonged to a Democratic postmaster, who was a Cleveland holdover. Now they are saying less about it.

REPUBLICANS are preparing to make a winning campaign in every Western State. The alleged Republican dissatisfaction with the administration in some of these States is merely a Democratic campaign myth and of the sort likely to become numerous, but not dangerous, just now.

Again the LEDGER warns all voters of whatever political persuasion, to register without delay, and understand thoroughly when they register in which precinct they belong. Do not wait until the very last moment, fellow voters, but attend to your registration at once.

THERE will be no division encampment of the National Guard at Santa Cruz this year. Governor Gage, after considering the matter very carefully, has decided not to issue an order for the assembling of the State troops.

"BOXERS" in China are urging the Empress to allow them to drive out foreigners. A serious crises exists in China. Murders and persecution are on the increase. A conflict with the Powers may result.

THE hurried mobilization of Japan's big fleet and the aggressive attitude of Russia indicates that war between those nations is imminent.

FROM JUNEAU.

Gold Mining In the Mountains Around Juneau, Alaska.

Juneau, Alaska, May 14, 1900.

Dear LEDGER:

Juneau is the central point of southeastern Alaska at present, for mining or trade. Silver Bow Creek empties into the channel just north of the town and from its mouth to its source, about six miles, has been rich in placer diggings. Near the head a successful hydraulic plant is now in full operation, also three forty and sixty stamp quartz mills and a number of prospect holes all showing gold. A ledge that does not show considerable gold in the croppings is not followed.

Douglas Island lies just across the channel from Juneau. The Treadwell gold mines here are the largest in the world. The top of the mine is an open cut about 300 feet across and nearly as deep and one-fourth of a mile in length. The ledge is more than 200 feet wide and of unknown length and depth. The excavation is called the "glory hole" probably because many a poor fellow has gone to glory from here as accidents are quite frequent. The 400 and 500 foot levels are reached by tunnels. Railroads run from the stamp mills to the levels. The trains consist of six cars having a crew of two men with engineer and car man. The cars hold about two and one-half tons each and a single shift consists of sixty trips. Mr. Detert's mule at the Zeila would look sick and discouraged could it see the pile of ore this "steam mule" handles. The Treadwell mines have been partially developed for more than a mile and have enough ore in sight to last a hundred years. There are six mills in the works but the largest is especially worth mentioning. It has 300 stamps under one roof arranged like an ordinary mill doubled and lengthened, 150 stamps on each side. The mountain is so steep that the train runs down hill from the 500 level to the top of the mill. The ore runs from $1.50 to $5 per ton. The concentrates are sent to the smelters at Tacoma. They were formerly treated here, but as men were steadily working the tailings on the beach below the mill, the company concluded it was worth while to send their product to the smelter. About 800 men are employed here. Men without families are required to board at the company boarding houses. An immense store is another feature of this great plant. Employees are not required to patronize this store but as its prices are lower than any in the vicinity no one kicks except the local merchants. Besides all this the company has its own hospital and graveyard, and the controling interest of all is held by the Rothschilds.

Directly across the channel, a little south of Juneau, are the Nowell mines. They are simply in the development stage, the magnitude of which nearly takes ones breath. At the mouth of the creek is the landing and warehouse. Half a mile up the ravine is an electric plant supplying light and power. Just above is a forty stamp mill "for development" which incidentally pays all expenses. From here a railroad, similar to the one on Douglas Island, runs a mile and a quarter to the foot of the mountain which is nearly 4000 feet high and so steep that ladders and stairs are frequently needed. At the base of this mountain a tunnel has been run in and tapped the ledge. Five hundred feet farther up another tunnel has done the same thing. Then a climb of 1000 feet reaches a third tunnel which proved the ledge to be still rich, and a fourth tunnel enters the mountain 2500 feet above the valley. From all these tunnels, except the first, tramways take the ore to the railroad and bring back supplies. One day, when full of ambition, I climbed the mountain and the foreman at the upper tunnel invited me to dinner. The meal consisted of clam chowder, roast beef, vegetables, tea and coffee, bread and butter, pie and pudding. It was like dining in an eagles nest and the view of the glories of nature well repaid the climb. Sumdum Bay, forty miles distant, seemed within hail and the wonders of Alaskan scenery appeared to best advantage. From the pinnacle of the mountain, more than 1000 feet higher, I looked down on the other side to the hydraulic and quartz works mentioned in the first of the letter, and wondered what would be developed here in the next five years. Truly this is a country of immense possibilities. Yours as ever,

C. H.G.

THE PHILIPPINE WAR.

May 30.—Rebels suffer severely in fight with the troops. One hundred and fifty insurgents fall in one battle.—American scouting parties doing good work. Number of rifles and a Nordenfeldt gun captured and a native powder factory is destroyed.

May 31.—Major General Elwell S. Otis arrives on the Meade. The ship had three small-pox cases aboard and was ordered into quarantine.—San Miquel is attacked and Americans are given a hard fight.—A proclamation about to be issued by the Commissioners.—System of espionage established in China to stop the traffic in munitions of war.—No trace has been found of Aguinaldo.—Minor engagements are successful.

June 1.—The transport Sherman sails for Manila.—Captain Roberts, held a prisoner by the rebels, writes his wife that he is well treated.

June 2.—Part of the Philippine force will be relieved. Fresh soldiers will replace invalids. A movement is made to increase the cavalry force in the islands.—Filipinos credit the story of Aguinaldo's death. Colonel Hare and Colonel J. H. Smith are promoted.

June 3.—From the date of occupation to May 24, 1900, the death list of regular and volunteer officers and enlisted men in the Philippines, have amounted to seventy officers and eighteen hundred men.

June 4.—Major March with his scouts overtook what is supposed to have been Aguinaldo's party. An insurgent officer of high rank was shot and the body carried off by his companions. Papers found indicate that the dead man was Aguinaldo.—Rebels attack a garrison at Lotian.

June 5.—Major General Otis declares that the United States is in solemn duty bound to protect the Filipinos from all foes. Volunteers will soon be coming home from the Philippines. Regular troops from the United States and Cuba will replace those whose terms have almost expired.

During the session there will be introduced measures looking toward a revision of the ritual, which many of the members believe is too long. A strong fight, it is said, will be made to preserve it in its present condition, as the several charges which are expressed in most eloquent language portray the aims and the principles of the order in a manner that cannot be improved upon.

An effort will be made to establish a Native Daughters' scholarship at the University of California.

San Luis Obispo will make a bid for the Grand Parlor session of 1901, and there may be other cities that want the honor of having that grand body, but as yet they have not been heard from. A proposition will be presented to have a session of the Grand parlor at some time within the next five years in the Yosemite Valley, as it is believed by the promoters of that idea that the members of the grand body will be inspired by meeting in that grand wonder of California as delegates never before have been inspired.

Mrs. Cora B. Sifford will become the past grand president, and she will be succeeded as grand president by Mrs. Emma Gett of Califia Parlor of Sacramento, who now holds the position of grand vice president. For the latter office there will be more than one candidate. Those who have been named are Mrs. Ella Caminetti of Ursula Parlor, Mrs. Genevieve Baker of Buena Vista Parlor and Miss Eliza D. Keith of Alta Parlor. The last named is at present grand treasurer. For some time past the contest has been between the first two named, but it is asserted that Miss Keith has been induced to allow her name to be used. Grass Valley wants the grand marshalship for one of her delegates, and it is said Mrs. Alison F. Watt of Manzanita Parlor of that city will be placed in nomination. For the office of grand secretary the friends of the incumbent, Mrs. Georgie C. Ryan, will urge her to be a candidate again. Others who are named for this very important office are Miss Laura J. Frakes of Amapola Parlor, Sutter Creek, at present grand marshal. The name of Mrs Harriett E. Lee of Woodland Parlor, one of the grand trustees, has been mentioned, but there is no certainty that the lady will be a candidate. Miss Lizzie Douglass of Alta Parlor No. 3 of San Francisco will be named for grand treasurer unless there should be a change by the time nominations are made, and she will then be named for another office. There will be a number of candidates for the other offices, but there are so many for these that no one is willing to make a guess as to possible successful ones.

The members of Ursula Parlor, the pioneer parlor of the State, located at Jackson, and the citizens of that place have made extensive preparations for the reception of the Native Daughters, to the end that their stay in this city shall be a pleasing one.

Summons.

In the Justice's Court of No. One Township, County of Amador, State of California.

Enrico Ginocchio and Alfonso Ginocchio, partners, doing business under the firm name and style of E. Ginocchio & Bro., plaintiffs, vs. W. S. Chapman, defendant.

The people of the State of California send greeting to W. S Chapman, defendant.

You are hereby required to appear in an action brought against you by the above-named plaintiffs, in the Justice's Court of No. One Township, County of Amador, State of California, and to answer before the Justice, at his office in the said Township, the complaint filed therein, within five days (exclusive of the day of service), after the service on you of this summons—if served within the Township in which this action is brought; or, if served out of said Township, but in said County, within ten days; or within twenty days if served elsewhere.

The said action is brought to obtain judgment against you, defendant, and recover of and from you, defendant, the sum of Two Hundred and Twenty 44-100 Dollars ($220 44-100) alleged to be due by you, defendant, to plaintiffs on a certain judgment made and entered by the Justice of the Peace, H. Goldner, Justice of the Peace in and for No. One Township of Amador County, State of California, on the 18th day of July, 1893, in an action in said Justice Court of No. One Township of Amador County, Cal. Wherein Enrico Ginocchio and Alfonso Ginocchio were plaintiffs and you, W. S. Chapman, was defendant together with legal interest and for costs of suit as more fully appears by the complaint on file herein, to which you are referred.

And you are hereby notified that if you fail to so appear and answer said complaint, as above required, said plaintiffs will take judgment against you, defendant, for the sum of $220 44-100 with legal interest from the time of the filing of plaintiffs complaint and for costs of suit.

Make legal service and due return hereof.

Given under my hand this 7th day of July, 1898.

H. GOLDNER,

6-1-10t Justice of the Peace for said Township.

WORK OF PICK AND SHOVEL

Twenty-Stamp Mill for the Central Eureka.

A LARGE VEIN EXPOSED AT THE M'GUIRK MINE

Flattering Prospects for the Mountain Ranch.—The Little Wonder to be Worked.

Sargent—Jackson.

Arrangements have been made by which the Sargent mine located a few miles south of Jackson, is to be developed, and work is expected to begin within a few days.

Altaite—Volcano.

A gentleman named Dickerman has taken the contract to sink the shaft of the Altaite mine 150 feet deeper, and will begin operations at once.

Amador Queen No. 2.

Superintendent Phillips has let a contract for the running of crosscuts at the 500 and 900 levels. Mr. Bowley has the contract at the 500 level and Oscar Holtz at the 900. We are informed that the contract price is $4.00 for slate and $8.00 for granite. The crosscuts are to be run west toward the Peerless group of mines.

Central Eureka—Sutter Creek.

The directors of the Central Eureka mine have decided to erect a 20-stamp instead of a 10-stamp mill, and changes in the structure now building will be made in accordance with the new plans. Good rock is still being found and the vein is growing wider.

Defender—Volcano.

F. B. Joyce of the Defender mine, passed through Jackson, en route to San Francisco, Wednesday. From him we learned that the prospects justified a new ten-stamp mill, which will probably be built in the near future. The present owners have taken out about $30,000, using an old five-stamp mill on the premises, incapable of saving anywhere near what a later improved mill will save.

CALAVERAS COUNTY.

Prospect: During the week there has been quite a stir in town over the developments in the Masterson mine, on the McGuirk ranch, below town. This mine is under bond to the well known mining man, Philip Deidesheimer, who has had a small force at work opening up the property for about three weeks or a month. The first of the week a big blast was put in to shatter some hard rock and when the debris was cleared away a five foot vein of very rich rock was exposed. No assays have yet been made, so far as we have been able to learn, but specimens of rock show it to be first class, heavily charged with sulphurets.

The Big Horn company at San Domingo are going ahead with system and will soon be taking out ore from the good chutes. Machinery has recently been put in one of the levels so that sinking can be carried on, the vein at that point showing most excellently and assaying largely in silver as well as gold, this feature evidencing the existence of a lasting vein and a true fissure. W. B. Tucker, the superintendent in charge, is carrying out every detail and the progress of the work shows wisdom and precision. It is hoped that the Big Horn will soon be heard from all over the State as a great gold producer and the probabilities are that it will be.

Mitchler & Co., are pushing work on the Ozark mine, between this town and Angels. A new shaft has recently been sunk and it is thought the channel will be found at a more convenient point for working. Some splendid coarse gold has already been found and some splendid clean-ups have been made at different times.

Messrs. Folsom, Hayden and Walker began washing on their mine last Tuesday. They have about three months' work in sight with flattering prospects. The Mountain Ranch bids fair to be a good investment.

Chronicle: The Melba mine, located on Chili Junction, has resumed work. The sinking and timbering of the two-compartment shaft will be continued down to the two hundred foot level, thence a single-compartment shaft will be sunk. Kark Whitfield has charge of the work, vice Daniel Grant.

The Poorman mine is running full blast under the able superintendency of Mr. Cain, and the rock is looking first rate. The vein in the north level is eight feet in width between the walls. Four feet of this is composed of porphyry, slate, quartz and gouge and four feet of solid rock. The vein in the south level is between five and six feet in width and the rock is first class. The walls in the two back levels are perfect, solid and smooth, and the indications are splendid for a big mine.

The south extension of the property, known as the Full Moon and owned by Beals and Trainer, is being worked by Jim Trainer. The shaft is thirty-six feet deep and a level has been run north thirty-six feet. The ledge is all the way from one to two feet wide and the ore is looking better as work advances. Jim expects to strike a bonanza within a few feet more—at the point where the Lawson and Poorman veins come together.

Mr. Bright, the head engineer, has just had a fine dwelling house built. Mr. Bennett of Mokelumne Hill was the architect and builder.

Jim Trainer and Mr. Hatfielf commenced assessment work to-day on the Boomerang mine, owned by D. C. Sloan and J. A. Trainer.

Citizen: The Rose Hill mine near El Dorado, has been shut down until the rains come again this Fall.

TUOLUMNE COUNTY

Independent: The Mack mine has been closed down for a few days, owing to the breaking of the pump, during which time some needed repairs to the boiler were made. The pump was started again Sunday, and it will take two or three days to get the water out, when everything will go along again as usual.

The Scottish Cal. G. M. Syndicate (Limited) are making preparations for work on a large scale at the Little Wonder.

The new hoist at the Rhode Island is nearing completion, and when finished, will give a good report of itself.

The golden Treasure mine, in Spring Gulch, is to be opened by a Modesto company.

Considerable activity is being shown along the prospecting line, and many fine prospects are being found.

A $10,000 pocket was taken out this week at the J. H. Neale's mine, situated on Bald Mt. A few weeks ago a gold seam was struck in the tunnel and several hundred dollars extracted. Work was continued and an upraise was run on the gold seam. The vein widened out and the rich bunch of yellow metal was encountered. The property was formerly known as the Sugarman. The parties interested are Messrs. J. H. Neale, Herold, Bod Watson, and Chas. Smith. In early daysit yielded some very handsome pockets, Chas. Sell and others taking out $66,000 at one time, but it was not worked to any great depth. The tunnel has been driven in 800 feet. Several small pockets have been taken out since January. The present yield aggregates over 500 ounces and it is expected that more of the precious metal will be extracted before many days.

Woodruff and Ball are said to be getting prospects in the Kikapoo mine, better known as the Hihapoo, situated five miles from here. We hope when the Hihapoo does throw herself she will be a "high kicker."

It is said that the Densmore mine has been sold and is now the property of C. D. Lane. Mr. Poundstone, late superintendent of the Dead Horse mine, will be installed in a like position at the Densmore.

Mother Lode Magnet: W. H. Martin informed a Magnet reporter Tuesday that the Rawhide mine has not been sold, the San Francisco daily press to the contrary, notwithstanding.

The Greenhorn mine, adjoining the Tarantula, is now under bond. We are informed that the prospect of a sale being made is excellent.

Harry Moore having resigned as foreman at the Harvard mine has been succeeded by W. P. Jones who formerly held the position.

At the Clio mine, Jacksonville, a crew of men are grading for the new mill, while carpenters are at work framing timbers for same.

Grand Parlor Week.

Below we give the programme for next week as given out by the executive committee:

Monday evening grand officers, delegates and guests will arrive in Jackson. At 8 o'clock p. m. the Jackson Band will render a concert on Main street.

Tuesday the Grand Parlor will convene. In the evening a reception and collation will be given. The public is cordially invited to the reception which will be given in Webb Hall. The collation will be given in Love Hall, to which all Native Daughters, Native Sons and Pioneers are invited. For the reception a carefully selected programme has been prepared.

Wednesday, session of Grand Parlor. At 3 o'clock the Grand Parlor will adjourn and the delegates will visit the Zeila mine. In the evening members of Ursula Parlor will give a drill at School House Square, where, also, the band will give a concert. The band has kindly volunteered to play for a couple of hours for those desiring to dance.

Thursday, day and evening session of the Grand Parlor

Friday afternoon the Grand Parlor will adjourn. Excelsior Parlor No. 31, N. S. G. W., will tender the Grand Parlor a grand ball at School House Square.

A Stocktonian Dies At Plymouth.

Last Sunday evening at about 9 o'clock, the spirit of Joseph Goyette took its flight.

Deceased was known throughout this county as an energetic man of considerable ability, and whose principles were "honor bright." For twenty years he had traveled through Amador county, up to four years ago, representing a portrait enlarging firm. About four years ago he accepted a position from W. T. F. Whale, as a traveling salesman, representing that gentleman's Foreign and Domestic Monuments, Vault and General Cemetery Work.

About three weeks ago while on one of his regular trips through this county the deceased complained of feeling somewhat ill, and upon his arrival at Plymouth was taken worse. He became unable to travel and his wife was summoned from her home in Stockton. After two week's of illness, death claimed the unfortunate sufferer and cast a shadow over the affectionate wife.

Mr. Goyette was of French descent and aged about 65 years, and was an Odd Fellow and a Mason. The body was taken to Stockton, the late home of the deceased, for interment.

Deceased leaves a widow to grieve for a faithful and loving husband.

Preparing For the Fourth.

The fourth of July committee of Sutter Creek has been up and doing, as reference to the programme in this issue of the LEDGER will amply testify.

The orator of the day, Col. Leonard S. Calkins of Nevada City, is an eloquent speaker and ranks high among the best. The committee has been fortunate in securing his services.

Ten selected men of the Olympic Club of San Francisco have been engaged, who will give ring and single and double bar acts, spring-board jumping and perform other entertaining feats including bag-punching, scientific sparring and wrestling.

Madam Mowry, the noted soprano of San Francisco, has been engaged and will contribute a number of her most appropriate numbers. Read the programme carefully.

Directors' Meeting.

The directors of the Peerless Gold Mine Development Company held a regular meeting Monday, June 4th, at 2 p. m. Bills for the month of May were audited and ordered paid. The report of the superintendent was very satisfactory, showing the present condition of the Peerless mine to be excellent, and constantly improving.

Health Officer's Report.

The County Health Officer, Dr. E. E. Endicott, filed the following report with the Board of Supervisors for the month of May.

Have ordered fourteen public nuisances abated. Have inspected Ione and Jackson. Have issued fifteen burial permits and one removal permit. Causes of death, one cholera infantum, one pneumonia, one shock, one cerebral hemorrhage, five la grippe, two consumption, three heart failure and one Bright's disease.

Killed In Alaska.

Verne Littlefield, of Burson, Calaveras county, nephew of Nathan T. Littlefield of Jackson, was killed near Juneau, Alaska, about the first of this month. The body was embalmed and sent home, being now on board a vessel which sailed from Juneau on the 2d instant.

It appears that a brother of the deceased had been in the employ of the Treadwell Mining Co. for some time, and a few weeks ago sent for Verne as he had a good job for him. On the day of his death, he and four other working men were engaged in driving piles. Verne was on the butt end of a log, which was being hauled to the pile-driver, and accidently slipped off being caught between the end of the log and frame work of driver, sustaining a crushed breast. He died twenty minutes after receiving the injury.

Deceased was a bright, active and ambitious young man aged about 21 years. He was born we believe in Jackson. His relatives have the sincere sympathy of many friends in their sad bereavement.

A General Mix-Up.

A few days ago a young lad was engaged in raking hay on the DeWitt ranch, a few miles south of town. The horse attached to the rake balked, and when urged forward went backward with a rush bringing up in a deep ravine, where horse, rake and boy were mixed-up with a wire fence. The lad scrambled out unhurt and ran about half a mile for help. Wm. Fuller, late principal of the Aetna school, responded to the call and hastened to the ravine, where he found the horse on its back, its head in the wire fence and the rake on top of it. After cutting the wire fence, with great risk on account of frequently getting entangled himself in reach of the feet of the struggling animal, Mr. Fuller finally got the beast upon its feet, whereupon the ungrateful equine took hold of his right hand with its mouth and came near crushing every bone in it. He carried the marks and a pretty sore hand for several days.

John and Frank Ratto.

Two young business men from San Francisco, Johh M. and Frank J. Ratto, nephews of Garbarini Bros., have been enjoying a jolly outing in Amador county, their former home, for the past two weeks. They took the train from San Francisco to Sacramento on Thursday of last week and the following day, in true cowboy fashion, rode on horseback to Jackson. They made good time, but missed the nearest route, thus having to travel about seventy-five miles. The next morning found them in Jackson all right but considerably travel worn, neither one being used to horseback riding. A bottle of Witch-Hazel from Druggist Waltenspeil, however, straitened them out all right, and since then they have ridden about the county seeing old acquaintances with great pleasure. They left for home this morning. John M. Ratto is cashier and bookkeeper for a prominent wholesale Commission House and Frank is shipping clerk for the firm of Watterhouse & Lester. The parents of these young gentlemen owned the property now known as the Weiland mine some eight years ago, but sold it to the Welland's of San Francisco.

Order Sons of St. George Install Officers.

Deputy Grand President James E. Dye Jr. installed the officers of Admiral Dewey Lodge, No. 425, Order Sons of St. George, on Tuesday evening last, which was followed by a banquet. During the evening very able remarks were made by several of the brothers, recitations and songs, principally pertaining to the old country, were frequently indulged in, a most enjoyable evening being spent.

The new officers are: Past Worthy President, Wm. John Corin; W. President, Joseph Bastian; W. Vice Pres., Wm. Harvey; W. Messenger, Chas. H. Crocker; W. Asst. Messenger, W. R. Johns; W. Secretary, Sam'l Kemp; W. Asst. Sec'y, Wm. Tyack; W. Treasurer, John Hoskins; Outside Sentinel, J. H. Boundy; Inside Sentinel, H. Varcoe.

James E. Dye Jr. was elected Representative and H. E. Kay alternate to the Grand Lodge, which will convene in San Francisco in July.

Epworth League.

The Epworth League held its regular business meeting last Tuesday evening in the M. E. church. During the meeting U. G. D. Spagnoli gave an interesting address relative to the State Convention held in Oakland.

The officers of the League for the next six months are:

President—Nettie E.B. Morrow.
Spiritual Work—Grace Ham.
Mercy and Help—George Stribley.
Literary Work—U. G. D. Spagnoli.
Social Work—Lizzie Craze.
Secretary—Maud Lory.
Treasurer—Mabel Northey.
Press Reporter—John Crocker.
Organist—Birdie Kay.

Frightful Tragedy.

Carried away with jealousy of his son's wife, the father of George Zumalt of Diamond Springs, El Dorado county, killed his divorced wife, his son, George, his little grandchild, and closed his butchery by mortally wounding his son's wife. This awful deed was committed about 7 o'clock last night, June 7th. The murderer is in custody. When arrested he said: "I am neither drunk nor crazy, and only regret that I did not finish them all." Diamond Springs and vicinity is wrought up to a high pitch of excitement and extreme measurers are hinted at.

Lost.

Lost between the Catholic cemetery and Del Porta's hotel, last Tuesday evening, a lady's gold watch and fob chain. Attached to the chain were four pearl hearts. The finder will be suitably rewarded by leaving the watch and chain at Ginocchio's store.

A MEDAL CONTEST IS GIVEN AT PLYMOUTH

Amador City People Visit and Are Visited, So Says the Correspondent.

PLYMOUTH, June 6, 1900.

Last Saturday evening the Demorest Medal Contest was held in Shields' Hall and the silver medal was presented to the best reciter, Naomi Thoms, in an appropriate speech by Rev. Darling. Ice-cream and strawberries were then served by the W. C. T. U., women. Mrs. Faucet of Ione, president of the W. C. T. U., was present at the contest.

Mrs. Coster and daughter Pattie left this morning for Loomis where they intend to remain for some time.

Last night at about 10 o'clock, a very sad accident happened to Charlie Phillips and Miss Jennie Vanderpool, who were among a fishing party of ten. Mr. Phillips and Miss Vanderpool were in wading when she slipped and fell into a twenty-foot hole and as she was sinking she caught Mr. Phillips and pulled him under also. Mr. Phillips' brother, Jasper, came to the rescue and catching the girl by her hair had almost accomplished his heroic deed, when she grasped him by the leg and rendering him helpless, he was forced to swim out or drown. John McMillan went to help, but was too late as the bodies of the two unfortunates had sunk for the last time. The body of the young man was recovered at about 8 o'clock this morning but that of the girl was not recovered until this afternoon. The young man would have completed his studies in pharmacy this fall. Miss Vanderpool taught last year at the Spring Valley school and was loved by all of her pupils. They presented her with a photograph album the last of the term as a token of love. Mr. Phillips and Miss Vanderpool leave many relatives and friends to mourn for them as they were highly respected by all who knew them.

Ray Dohman who has been living here for the past months, left for other parts Tuesday.

Mr. Goyette of Stockton, who had been here for the past weeks erecting tombstones, took very ill last week and passed away Sunday evening at 9:30. Burial services were rendered in the M. E. church by Rev. Darling from whence the body was taken the following day and sent below for its resting place.

Miss Bell Stowers who has been visiting friends in Oakland, returned home last Monday night.

Charlie Woods has been sick for the past few days.

The O'Malley Company performed here last night and was accommodated by a large crowd.

Mrs. Fred Culbert and her daughter are visiting her mother Mrs. Eva.

Miss Stella Cress came up from Sacramento last Saturday and is visiting Mrs. John Dohman.

Next Wednesday night Mr. Rutherford will deliver a lecture on the process of moral, physical and spiritual changes, illustrated by views taken by his camera. OMEGO AND OSWEGO.

DIED AMONG STRANGERS.

Becomes Paralyzed While Sitting In Front of the Ohio Hotel.

The Placerville Nugget of Thursday of last week has the following to say of the death of W. H. Bailey, who died last week at that place under peculiar circumstances, while there attending to legal business:

"W. H. Bailey arrived from Amador yesterday noon and registered at the Ohio. He ate a hearty luncheon and then sat down in front of the hotel apparently falling to sleep in his chair.

"After he had remained there two or three hours, some one tried to arouse him and it was found that he was completely paralyzed.

"He was carried to his room and Dr. Rantz was called in, but his case was found to be hopeless and he died at six o'clock this morning without regaining consciousness. He was nursed by A. A. Gignac.

"A telephone communication was sent to Amador and it was found that he had come over here to consult E. W. Witmer regarding a mortgage on some land.

"He leaves a wife who will arrive on the noon train to-morrow to attend the funeral which will take place from Winchell's to-morrow afternoon. Burial will take place here.

"Deceased was about 78 years of age and leaves no children as far as can be learned."

Grand Ball at Plymouth.

The newly organized Hook and Ladder Company of Plymouth will give a grand ball on Saturday evening, June 23. A cordial invitation is extended to all, and a good time promised to those who attend.

IMMENSE GATHERING.

The Italian Picnic A Grand Success In Every Way.

The annual picnic of the Italian Benevolent Society was held in Fullen's Grove, near Sutter Creek, last Sunday.

The forenoon was mainly taken up by the grand street parade from Sutter Creek to the grove, the Jackson Band furnishing the music, and the literary exercises at the ground, which consisted of singing, short addresses by several gifted speakers, and orations by Hon. F. Cavagnaro of San Francisco and Attorney W. H. Willis of Jackson. The first named orator spoke in Italian and was lustily cheered by all familiar with the language. He spoke in his usual happy strain and was listened to with marked attention.

After a spirited selection by the band W. H. Willis was introduced and delivered an interesting and meaty oration, which was received with many marks of appreciation. Mr. Willis acquitted himself in a manner most gratifying to his friends and to the committee who selected him.

The afternoon exercises were of unusual interest, the dance and baseball game entertaining the crowd alternately, while minor attractions on every hand added their quoto of pleasure to the general festivities of the day.

Nothing of moment occurred during the day and evening to marr the pleasures of the occasion, and a handsome sum was obtained for benevolent purposes.

Grand Marshal Joseph Oneto and his aids, V. Pasquetti and F. Oneto, deserve great praise for the efficient manner in which they performed their arduous duties. The Society is proud of them and many members thereof speak in high praise of them. Sheriff Gregory and Constable Pat Kelly were on the grounds and rendered service where needed.

The crowd was larger than usual and the affair was decidedly a financial success.

A Good Move.

While in Amador county last week, John Raggio, the popular stage line owner of the Mother Lode, interviewed some of the citizens of Ione, Sutter Creek and Jackson relative to raising by public subscription a sum sufficient to sprinkle the road from Ione to Jackson during the summer months. Mr. Raggio met with hearty approval in each locality, and it is to be hoped that something beneficial may speedily come out of this interview.

All agree that the sprinkling ought to be done as a matter of saving to the road, say nothing about the added comfort to man and beast. Mr. Raggio agreed to head the list with a donation of $100, and he feels confident that with a committee appointed in each of the three towns the requisite amount can be raised with very little effort.

The LEDGER believes that if the road is sprinkled for one month, there will be no trouble to raise the wherewithal thereafter the benefit derived being so great that the people will not go back to the old stifling condition no matter what the expense may be. Let the trial be made, at least for one month.

The Moonlight Ball.

It is thought by the people of Jackson and vicinity that the Grand Moonlight Ball which is to be given by Excelsior Parlor of the Native Sons, upon June 15th, will be the greatest affair that ever took place in the county.

Every precaution has been taken to make it a success. A splendid dancing platform 100 feet square has been erected especially for the occasion, an orchestra of fourteen pieces engaged, and the very finest supper for a ball ever laid in this portion of the State will be served.

Judge R. C. Rust Grand President of the Native Sons and Mrs. W. J. Gett who will then be Grand President of the Native Daughters, will lead the grand march.

Ten floor directors taken from every town in the county will see that everybody knows everybody else.

Iced drinks and ices will be served. In fact the committee in charge has done all that could be thought of to make the function a success and a pleasure to all who will be so fortunate as to attend.

Everybody should attend, everyone must attend, for there will never be such a time again.

Thomas Greenhalgh, Agent.

Remember that "an ounce of preventive is worth a pound of cure," and get the Improved Fire Extinguisher of Thomas Greenhalgh of this camp, who has the agency for Jackson and vicinity. This apparatus is cheap, never fails, is always ready and requires no attention whatever. Call on Mr. Greenhalgh and procure a pamphlet, which gives full particulars. This fire extinguisher was thoroughly tested a week or so ago on North Main street, near the bridge, and proved to be just as represented. The price is so low that every house can well-afford to be supplied. For further particulars call on or address Thomas Greenhalgh, Jackson, Cal.

Officers Elected.

The following officers were elected for Rathbone Lodge No. 166, K. of P., for the ensuing term: C. C., C. F. Koehler; V. C., Dr. E. V. Lonigo; M. of A., J. Hoskins; P., William White; K. of R. and S., B. R. Breese; M. of F., William Sobey; M. of E., George W. Brown; M. of W., James E. Dye Jr.; I. G., J. G. Lepava; O. G., John Slavich.

Sealed Bids Wanted.

Sealed bids wanted to sink the Peerless shaft 100 feet, contractors to furnish candles, caps, fuse and powder. The bids must be in the company's office, Brown building, Court street, Jackson, on or before Monday, June 11th, 1900 at 2 p. m. The Company reserves the right to reject any and all bids.

HENRY OSBORNE,
Superintendent.

Correction.

At the time of the death of Everett Ferrari, the notice of whose death appears elsewhere in this paper, his little sister Gladys, was also very ill, and her death was reported instead of her brother's, which was an error. Gladys is much better and on the way, we trust, to complete recovery.

Will Close Business.

After June 25th, Mr. A. F. Peterson's shoe store will be closed permanently. Any part of his stock remaining unsold at that date will be shipped below. Mr. Peterson has been in the exclusive shoe trade here for about twenty-two months.

Card of Thanks.

To our kind and sympathetic neighbors and friends, who so earnestly assisted us during the sickness, death and burial of our little son Everett, we extend sincere and heartfelt thanks.

MR. AND MRS. STEVEN FERRARI.

W. H. Shipman, Beardsley, Minn., under oath says he suffered from dyspepsia for twenty-five years. Doctors and dieting gave but little relief. Finally he used Kodol Dyspepsia Cure and he feels like a new man. It digests what you eat. City Pharmacy.

"WHITE" BICYCLE
Breaks World's Records

At the Saucer Track, Los Angeles. "Ride a 'White' and keep in front and save repair bills."

Hardy Downing, the middle distance champion, Feb. 22, broke all world's records from 1 to 15 miles on a 1900 White Bicycle.

H. B. Freeman broke the one mile competition record

Feb. 18th, on a 1900 "White" Bicycle.

H. B. Freeman holds the world's one mile record of 1:28 2-5, made on the "White" wheel. All famous champions ride the "King of Wheels," the White,"

Orlando Stevens,
Johnny Chapman,
H. B. Freeman,
Hardy Downing,
F. A. McFarland,

and others. You can't afford to buy a cheaper wheel than the "White," and pay out more to keep it in order during a single season than a high-grade "White" costs in the beginning. Don't buy until you see the 1900 "White" the only modern wheel on the market. We don't sell you '98 or '99 goods for 1900 models.

Agents Wanted Everywhere. Write for prices and Catalogue.
